In accordance with art. 31 of Italian Legislative Decree no. 50 of 18 April 2016, Mr. Stefano Intini is appointed as the person responsible for the procedure.

Registration on the AVCPass System and use of the National Public Contracts Database (*Banca Dati Nazionale Contratti Pubblici*)

By virtue of the provisions of par. 13 of art. 216 of Italian Legislative Decree no. 50/2016, until the entry into force of the decree referred to in par. 2 of art. 81 of the aforementioned Italian Legislative Decree no. 50/2016, the contracting authorities and suppliers shall use the AVCPass database kept by the Italian National Anti-Corruption Authority (ANAC).

In view of the above, pending the entry into force of the aforementioned decree, the previous regulations are still applicable: the documentation proving possession of the general, technical/organisational and economic/financial requirements for participating in public calls for tenders must be acquired exclusively through the National Public Works Database (*Banca Dati Nazionale Contratti Pubblici*) (hereinafter, in short, the BDNCP) kept by the National Anti-Corruption Authority (art. 6-bis of Italian Legislative Decree no. 163/2006 as subsequently amended and supplemented, as introduced by paragraph 1a) of art. 20 of Law no. 35 of 04 April 2012). In accordance with the provisions of art. 6-bis of Italian Legislative Decree no. 163/2006 as subsequently amended and supplemented, the AVCP (now ANAC) issued Deliberation no. 111, dated 20 December 2012, which identified, inter alia, “*data concerning participation in tender procedures and the assessment of bids to be inserted into the BDNCP to enable contracting authorities/contracting entities to verify possession of the requirements applicable to suppliers for the awarding of public contracts*”.

Art. 9 of the aforementioned Deliberation, as modified during the formal meetings held on 08 May and 05 June 2013, states that the obligation to perform verifications exclusively through use of the AVCPASS

system runs from *“01 January 2014 for contracts with an initial value equal to or greater than EUR 40,000.00”*.

For the purpose of this procurement action, prospective suppliers must register on the AVCpass System according to the operating instructions as well as the terms and technical regulations for the acquisition, updating and consultation of data present on the www.avcp.it website.

Once the economic operator has registered for the AVCPASS service and identified the procedure in which it wishes to participate, it will obtain a “PassOE” code which must be inserted into the e-mail containing the documentation requested for participation in the procedure, according to the procedures described below.

In accordance with the provisions of art. 6-*bis* of Italian Legislative Decree no. 163/2006 as subsequently amended and supplemented, of AVCP (now ANAC) Deliberation no. 111 of 20 December 2012 and of law no. 15 of 27 February 2014, as well as with the provisions of the aforementioned art. 216 (par. 13) of Italian Legislative Decree no. 50/2016, Consip shall conduct a compliance check of the requirements relating to this initiative exclusively through the BDNCP.

Lastly, it should be noted that failure to register with the AVCpass service, or to send the PassOE code, will not entail, by itself (unless otherwise stipulated), exclusion from this procedure. By means of a suitable notification, Consip provide suitable deadline for conducting the activities indicated above.

Sogei S.p.A., pursuant to and in accordance with paragraph 4 of art. 4 of Italian Legislative Decree no. 231/02 as subsequently amended and supplemented, reserves the right to negotiate the payment terms for the invoices with the supplier, up to 30 (thirty) days from the receipt of the invoice; please take this into consideration when formulating the bid..

The Supplier may not claim any right to other compensations, adjustments or increases of the fees agreed upon in contract, except as provided for by art. 106 of Legislative Decree 50/2016 for recurring and continuous contracts.

Please note that Art. 106 co. 11 of Legislative Decree no. 50/2016 will be applied, so that the duration of the contract may be extended for the time strictly necessary to complete the procedures necessary for the identification of a new supplier. In such a case, the supplier will be required to carry out the performance of the contract at the same prices, terms and conditions stipulated in the contract. Amendments are only possible if they favour the contracting authority.

If there are unjustified delays of the documents than the competitor will be excluded. Deficiencies that do not allow the identification of the content or the person responsible for it, constitute irremediable irregularities. Consip S.p.A., however, may require competitors to clarify the content of the documentation and statements submitted, that differ from the ones submitted that differ from those subject to a possible sanction within the meaning of the preceding paragraph, with the power to assign a peremptory term within which suppliers must submit the documentation required, **or they will be excluded** from the procedure.

A specific communication will be sent to the Supplier with the winning offer, which will require the successful tenderer to send to Consip S.p.A.:

- **within ten (10) solar days after the receipt of this communication**, the following documentation:
 - an appropriate document proving the provision of a **definitive guarantee**, in order to ensure the fulfillment of all the obligations agreed upon in the contract, the amount of which is in accordance with the discipline provided by art. 103 of Legislative Decree no. 50/2016.

For the purposes of entering into the Contract, the successful tenderer must therefore pay, pursuant to art. 103 of Legislative Decree no. 50/2016, a definitive guarantee, in the form of a security or surety, equal to 10% of the contractual amount in favor of Sogei S.p.A. In the event of an award with discounts of more than ten per cent, the guarantee to be set up

is increased by as many percentage points as those exceeding 10 per cent. Where the fall is greater than twenty percent, the increase is two percentage points for each bearish point greater than twenty percent.

The guarantee covers the fulfillment of all the obligations of the contract and the compensation for damages deriving from the possible breach of the obligations themselves, as well as the reimbursement of the sums paid more to the executor than the results of the final settlement, without prejudice, however, to the compensation of the greater damage to the contractor, any higher expenses incurred for the completion of the services in the event of termination of the contract ordered to the detriment of the executor, the payment of the amount due by the executor for the defaults deriving from the non-compliance with the rules and prescriptions of the contracts collective, laws and regulations on the protection, protection, insurance, assistance and physical safety of workers.

The definitive guarantee must be issued in compliance with the standard guarantee guarantee contract schemes set out in Annexes "A" and "B" to the Decree of the Ministry of Productive Activities of 19 January 2018, no. 31, and in particular of the Scheme type 1.2 "Definitive guarantee" and the corresponding Technical Sheet.

However, a **specific appendix** with which the Guarantor clarifies that:

- "Contracting authority" means "Sogei S.p.A.;"
- art. 1 of the type 1.2 scheme. the lett. c) will be replaced as follows: "of any higher expenses incurred by the Customer for the completion of the works, services and supplies in the event of termination of the contract ordered to the detriment of the contractor".
Consip has prepared a model that integrates the clarifications described above (Annex – Definitive guarantee facsimile) which it is suggested to use for the purposes of entering into the contract.

The guarantee, consisting of the two schemes referred to in Annexes A and B referred to in the aforementioned decree and the appendix, must also have a **notarized signature** and be irrevocable.

The guarantee must expressly provide for the waiver of the benefit of the prior enforcement of the principal debtor, the waiver of the exception referred to in art. 1957, second paragraph, of the Italian Civil Code, as well as the operation of the guarantee itself within fifteen days, upon simple written request from the Customer. The rules on reductions provided for by art. 93, paragraph 7, of Legislative Decree no. 50/2016. The

successful tenderer will have to produce, if they have not been submitted in the tender, the documents / certificates certifying that they meet the requirements for the reduction. Failure to establish the aforementioned guarantee determines the forfeiture of the award and enforcement of the provisional guarantee and Consip S.p.A. may award the contract to the following competitor in the ranking. The guarantee ceases to have effect upon complete and exact execution of the obligations arising from the contract itself with the issue of the certificate of verification of conformity. If the amount of the guarantees decreases due to the application of penalties, or for any other reason, the successful tenderer will have to reinstate, as expressly provided for in the Contract, in the event of non-compliance, reinstatement takes place based on accrued income of price to be paid to the executor.

The guarantee is progressively released on the basis and according to the progress of the execution, up to a maximum of 80 percent of the initial guaranteed amount, according to the provisions of art. 103, paragraph 5, Legislative Decree no. 50/2016. In particular, the release will be carried out at semestral periodicity, subject to the prior delivery, by the supplier to the Guarantor and the Principal, of a document, in original or authentic copy, certifying the regular execution of the contractual services, periodically issued by the Principal due to the conformity checks carried out. The Guarantor must communicate the value of the release to the Principal who can verify the correctness of the released amounts and ask the Supplier and the Guarantor in case of error for integration.

Please note that the services covered by the contract will be subject to payment of stamp duty, which the Supplier will be required to pay to Sogei when signing the contractual documentation.
